

E-Learning Courses & Webinars on Intercultural Competences

Have you ever considered working abroad? Are you thinking about studying in another country? Do you work or study with people coming from other countries? Are you interested in other cultures?

If so, take part in our newest course! It will offer you the opportunity to study online and/or use webinars to meet colleagues and fellow students from Poland, Lithuania, Germany, Denmark and Sweden.

Use this opportunity to have access to online materials, including videos, quizzes and more.

- Study online wherever and whenever it suits you.
- Share experience or ask questions directly to people from other regions by attending the weekly online live session with an experienced trainer.

All you need is a PC with an internet connection, a webcam and headset...

Learn more about the following:

- Information about the South Baltic region
- Differences in national and organizational cultures
- Communication - do's and don'ts in formal and informal situations
- How to avoid misunderstandings
- Living and working in the South Baltic
- Applying for jobs in the different countries
- Qualifications and degrees
